Year 1/2

Welcome back to 2016!!! All of the Year 1/2 teachers are excited for another fantastic year. In Term One we are focussing on developing students’ executive functioning skills. In particular, their organisational and independent learning skills.

Our inquiry question this term is, ‘How can I be a successful citizen?’ Our main focus will be around getting along, working together as a team and the daily routine/organisation.

This year we are continuing our very successful CAFÉ reading program, our writing program and implementing a new numeracy program. It is a very exciting time for the whole of Area One.
