

School Concert Seating Plan

IMPORTANT REMINDER : The seats are facing the central catwalk stage.
 Note: this diagram is NOT drawn to scale and positioning of seats are only an estimate.

Note: Seats are arranged in four rows on one side of the runway and five rows on the other side.
The seats closest to the stage are rows 4 and 5.
Seats are denoted by a letter of the alphabet and a number. If you want four seats next to each other, they should all have the same number, e.g. R4, S4, T4, U4. Please ask for assistance if this is unclear.
