

Visits for Prep Children 2018

Research states that the more familiar you and your child are with the school, the more positive the start of school will be.

At Cranbourne West Primary School we want our children and parents to begin their school life confident and happy.

The Transition and Orientation sessions allow your child to gradually become used to the school environment.

The more opportunities your child has to visit the school and become familiar with the surroundings before starting next year, the easier it will be for them and for you.

We are working towards making the school experience a happy, safe and enjoyable.
